
Ronald Miranda

Front-end Developer | Systems Engineer

Providence, RI | 401-301-6778

mirandarodriguezronald@gmail.com | [GitHub](#) [Portfolio](#)

Detail-oriented Systems engineer and web technologies student with a 3.86 GPA. Proven expertise in web development using JavaScript. Experienced in managing business operations and tutoring peers in programming logic. Enthusiastic about building responsive, user-centric applications and implementing development strategies.

In my free time, I am passionate about writing code and exploring modern technologies. I am currently a student at CCRI, where I enjoy the daily challenges and learning.

TECHNICAL SKILLS

Languages: JavaScript, Python, SQL, HTML5, CSS3

Databases: MySQL, PostgreSQL

Tools & platforms: Git, Linux, API, Data Analytics

Soft skills: Tutoring, team management, bilingual (English/Spanish)
